

Blobs::setFalling

```
graph LR; A[Blobs::setFalling] --> B[Blobs::setState]; B --> C[Blobs::state];
```

A flow diagram consisting of three rectangular boxes connected by arrows. The first box, labeled 'Blobs::setFalling', is shaded gray. A blue arrow points from its right side to the second box, labeled 'Blobs::setState', which is white. Another blue arrow points from the right side of the second box to the third box, labeled 'Blobs::state', which is also white. All boxes have a black border.

Blobs::setState

Blobs::state
